

Learning Space Checklist

Whether you'll be studying at the dining room table, in your bedroom, or even in a closet (yup!), here's a checklist of the essentials.

QUIET

Someplace where you can focus, without distractions like TV screens.

TABLE OR DESK

A smooth flat surface to write on and where you can leave basic supplies.

CHAIR

Ideally, something comfortable—but not TOO comfortable.

LAMP

It's hard to work when you can't see!

CONTAINERS

For example, a jar for pencils and a box or drawer for other supplies.

CONNECTIONS

Chances are, you'll need power and wifi.

AND MAYBE...

Fidget objects

To help you focus.

Something cozy

Like a cushion or blanket, for when you want to read.

Something inspiring

Like a quote you love, a poster, or a piece of art.
