

# Surprisingly Useful School Stuff

**CAMP KINDA**

**Destination:  
School**

You might not see these items on your school's supply list, but they'll come in handy.

## **Extra Charging Cables**

So you're not always hunting around for one.

## **Power Strip**

Because there are never enough outlets.

## **Water Bottle with a Straw**

For drinking behind your mask!

## **Mask Chains**

Hook these up to your mask for easy on/off changes at lunch or recess.

## **Reusable Containers**

They're great for holding supplies, extra masks, and more.
